

MASTER'S AND DOCTORATE PROGRAM IN CHEMISTRY – UEL

NORMATIVE ACT Nº 001/2014

CONSIDERING the discussions between professors attending the Meeting of Professors of the Master's Program in Chemistry at the Universidade Estadual de Londrina, it was established that:

- 1^o - The qualification exam must be carried out three months before the defense of the dissertation
- 2^o - The dissertation to be delivered to the board should be based on the submission rules for a scientific article to be submitted to a journal ranked on *Qualis* CAPES A or B - area: Chemistry
- 3^o - The dissertation must be in Portuguese, indicating the journal to be submitted and containing the submission rules for that journal
- 4^o - The dissertation does not need to be submitted to that journal

Londrina, February 15, 2014
